Dear Louise
Homosexuals have equal rights right now. They should not have "special rights and privileges". Their life style is chosen and is not condoned by our Supreme Authority - God. Surely you recognize Him as the One we answer to in the End! Please search your conscience abt this issue. They should and must be kept out of the military.

TO: Representative Louise Slaughter

As a constituent of yours, I am asking you to support the below Resolution to KEEP HOMOSEXUALS OUT OF THE UNITED STATES ARMED FORCES!

I hope that you agree with me that the Christian Action Network's resolution below is morally and Constitutionally acceptable.

I WANT ACTION! The President of the United States CAN be told **"NO! YOU CAN NOT DO THAT!"** And Congress must firmly tell the President of the United States just that.

103D Congress
1st Session

PROPOSED

House Concurrent Resolution

To support the traditional policy excluding homosexuals in the military

Whereas, service in the United States Armed Forces is a privilege, not a civil right;

Whereas, excluding homosexuals from military service is not a denial of fundamental rights enjoyed by all American citizens;

OVER PLEASE →

Whereas, the status of affirming one's homosexuality cannot legitimately be separated from homosexual conduct in that an individual cannot be homo without sexual any more than an individual can be hetero without sexual;

Whereas, military governance is not a democracy nor can it be to effectively hold to its singular mission to defend the United States of America;

Whereas, the military is not a social welfare agency, equal opportunity employer, or a proving ground for social experimentation;

Whereas, the military experience has no parallel in civilian life, neither in police or fire departments;

Whereas, the military is unique by definition of its mission and what is important in society may not be what is practical in military service;

Whereas, health risks historically associated with homosexuality make homosexual servicemen an undue burden on public funds and places the lives of otherwise healthy servicemen and women in jeopardy: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That homosexuality is incompatible with military service. The presence of such members adversely affects the ability of the Armed Forces to maintain discipline, good order, and morale; to foster mutual trust and confidence among the members; to ensure the integrity of the system of rank and command; to facilitate assignment and worldwide deployment of members who frequently must live and work under close conditions affording minimal privacy; to recruit and retain members of the military services; to maintain the public acceptability of military service; and, in certain circumstances, to prevent breaches of security.

I, the undersigned, support this Resolution and strongly encourage my representative to take immediate action for its passage.
